PROGRAMME OF THE ORAL AND POSTER SESSIONS
International Conference
« Managing Geosites in Protected Areas »
ISGM 2011 – 7th/10th September – Savoie-Mt Blanc

DAY	Chairman	TIME	PROGRAMME OF THE ORAL AND POSTER PRESENTATIONS
Wednesday 07 Sept			*Oral presentation: 15 mn + 5 mn questions* *Poster: 5 mn + 5 mn questions*
University of Savoie	*Emmanuel Reynard*	10h - 11h	Opening conferences *(Mountain Pole Amphitheater):*
		10h-10h30	- Panizza M., Piacente S.: Planning the Dolomites: from the concept of Geomorphodiversity to an open cultural approach.
		10h30-11h	- De Wever P., Cornée A., Egoroff G.: Geoheritage in France: from inventory to geotourism.
		11h - 12h	Session 1*: Geosites in protected areas: Which development and for which public? (part 1)*
Scientific campus Le Bourget du Lac	*Dominique Sellier*		Oral presentations *(Mountain Pole Amphitheater)*
		11h-11h20	- Brilha J., Pereira P., Pereira D.: Assessment of geological heritage: scientific value and vulnerability of geosites with national relevance in Portugal.
		11h20 - 11h40	- Giusti C., Joyeux O., Toquet E.: Geotope, Geofacies and Geosystem: how to introduce people to geomorphological landscapes through geomorphosites? The Aiguilles Rouges National Nature Reserve, Chamonix – Mont-Blanc (Haute-Savoie, France).
		11h40-12h	- Kubalikova L., Kirchner K.: Geoconservation in the Czech Republic and geomorphosite assessment for the geotourism and geoeducation purposes: a case study from Podyjí National Park.
		12h-12h20	- Rodrigues J.: Geosite management in Naturtejo Geopark (Portugal): geomorphological viewpoints.
		12h20-13h30	Lunch *(Room 110 Mountain Pole)*
		13h30-15h25	Session 1*: Geosites in protected areas: Which development and for which public? (part 2)*
	Heidi Megerle		Oral presentations *(Mountain Pole Amphitheater)*
		13h30-13h50	- Martin J.P.: Integrating the geoheritage to the local development strategy of the Bauges Regional Nature Park, France.
		13h50-14h10	- Migon P., Knapic R.: Geosite designation and geotourism development in the Karkonosze National Park (SW Poland).
		14h10-14h30	- Pereira D., Pereira P., Cunha P.P., Brilha J.: Assessment of geosites at national scale: inventory of the Iberian Massif Landscape and Fluvial Network (Portugal) framework.
		14h30-14h50	- Reynard E., Coutterand S., Grangier L., Lambiel C., Maeder R., Maillard B., Martin S., Theler D.: Assessment and promotion strategy of the geomorphological heritage in the Val d'Hérens Regional Park (Valais, Switzerland).
		14h50-15h10	- Unjah T., Leman M.S., Komoo I.: Geosite selection for geotourism in Kilim karst geoforestpark (Malaysia).
		15h10-15h30	- Fuertes-Gutiérrez I.: Geosites mapping for land planning in protected areas. A case of study in the Regional Park of Picos de Europa (León, Spain)
			Poster presentations *(Mountain Pole Hall)*
		15h30-15h40	- Kozlik L.: Geoheritage importance in Regional Nature Parks in the Jura Range.
		15h40-15h50	- Hoblea F., Cayla N., Guyomard A., Lansigu C., Le Berre E., Peisser C., Perret A., Renau P., Reynard E.: Contribution of the Geoscientists to the application dossiers of two projects of European Geopark in the French Northern Alps (Chablais and Bauges massifs).

		15h50-16h10	Coffee Break *(Mountain Pole Hall)*
	Paulo Pereira	16h10-18h	Session 2*: Digital tools for the inventory, protection and valorization of the geosites.*
			Oral presentations *(Mountain Pole Amphitheater)*
		16h10-16h30	- Cayla N.: New technologies applied to the management of geosites: an overview.
		16h30-16h50	- Bosson J.B., Reynard E.: Importance of geomorphological analysis for geomorphological heritage promotion in protected areas: the case of Contamines-Montjoie Natural Reserve (Mont-Blanc Massif, France).
		16h50-17h10	- Dahl R., Jurus A.: Geoheritage in Norway- New light through old windows.
		17h10-17h30	- Zanoletti E., Pirocchi A., Seno S., Spataro A.: SITINET – Census, networking and development of geological and archaeological sites.
			Poster presentations *(Mountain Pole Hall)*
		17h30-17h40	- Giordano E., Ghiraldi L., Perotti L., Giardino M.: Digital tools for collection and visualization of geoscientific data.
		17h40-17h50	- Martin S.: Interactive visual media for geomorphological heritage interpretation. Theoretical approach and examples.
		17h50-18h	Discussion Session 2
Thursday 08 Sept			*Oral presentation: 15 mn + 5 mn questions* *Poster: 5 mn + 5 mn questions*
	Dorina Ilies	8h30-10h10	Session 3: *Geoheritage as a resource for local economic development*
			Oral presentations *(Eterlou Big Room, part 1)*
		8h30-8h50	- Gümüs E., Zouros N.: Earth heritage sites and sustainable local development: fossil forest – Turkey and Lesvos Petrified Forest – Greece.
		8h50-9h10	- Martin S.: Are people interested in geotourism? Survey on excursionists in the Swiss Alps.
		9h10-9h30	- Megerle H.: One decade of successful geosite management in the Northern Black Forest Nature Reserve – a long-term study on the spa town of Bad Herrenalb.
		9h30-9h50	- Pereira P., Pereira D., Brilha J.: Vulnerability of non-protected glacial geosites (Portugal).
« Eterlou »		9h50-10h10	- Rocha J., Brilha J., Henriques M.H.: Geosite assessment and management proposals of Cape Mondego Natural Monument (western Portugal).
(Bauges RNP)		10h10-10h40	Coffee-Break
	Christian Giusti	10h40-12h10	Session 3: *Geoheritage as a resource for local economic development (part 2)*
			Oral presentations *(Eterlou Big Room)*
		10h40-11h	- De Broucker G., Antoine P., Lemaire D., Potie L., Lucas M.: The first Geofestival® in Beaufortain (French Alps).
		11h-11h20	- Peisser C., Renau P., Leberre E., Perrin F., Vaille C.: Calc'Ere, a local association living from the enhancement of the geoheritage in the Bauges Massif (France).
			Poster presentations *(Eterlou Big Room)*
		11h20-11h30	- Comanescu L., Nedelea A., Dobre R.: The inventory and capitalizing of geosites from protected areas from the hydrographic basin Casimcea (Romania) – A premise for local development.
		11h30-11h40	- González Amuchastegui M.J., Serrano Cañadas E., González Trueba J.J., González-García M.: Geomorphosites, a useful tool for environmental management in Natural Protected Areas: Valderejo natural park (Álava, The Basque Country, Spain).
		11h40-11h50	- Ilies D.C., Ilies A., Baias S.: Geotourist –map Baile Felix-1 May-Betfia (Bihor County, Romania).
		11h50-12h10	Discussion session 3

Friday 09	Sept		*Oral presentation: 15 mn + 5 mn questions* *Poster: 5 mn + 5 mn questions*
« Eterlou » (Bauges RNP)	*Piotr Migon*	8h30-10h10	Session 4: *The Geosites between natural and cultural heritage.*
			Oral presentations *(Eterlou Big Room, part 1)*
		8h30-8h50	- Ambert M., Guillot M.: Stakes in the preservation and in the valuation of the geomorphosite of Navacelles (Larzac, France).
		8h50-9h10	- Almodaresi S.A., Remesht M.H.: Quaternary Lakes, as Iranian Civilization Landmarks.
		9h10-9h30	- Biot V.: A cultural approach geosites: prehistoric caves.
		9h30-9h50	- Comentale B.: Clay handcraft: an introducing key to geomorphology in western France.
		9h50-10h10	- Kozlik L., Reynard E.: Inventory and tourist promotion of cultural geomorphosites in the Trient, Eau Noire and Salanfe valleys (Switzerland).
		10h10-10h40	Coffee-Break
	Martine Ambert	10h40-12h30	Session 4: *The Geosites between natural and cultural heritage.*
			Oral presentations *(Eterlou Big Room, part 2)*
		10h40-11h	- Legal S., Balme C., Barrois M., Peressinotti D.: The ochre outcrop in the Parc naturel régional du Luberon (France): from industry to sustainable tourism.
		11h-11h20	- Sellier D., Portal C.: Geomorphological heritage and geomorphosites selection in the Brière natural park (France): natural and cultural heritage.
			Poster presentations *(Eterlou Big Room)*
		11h20-11h30	- Megerle H.: Tufa cascades and caves of the Swabian Alb – widely known natural monuments of previously seldom recognised cultural significance.
		11h30-11h50	- Pica A., Del Monte M., Fredi P.: Geotouristic itineraries in Lazio region (Italy): geomorphosites in the millenarian urban environment of Rome and in the natural environment of Ernici Mountains.
		11h50-12h10	- Silva J.P., Rodrigues C.: Fluvial patterns and geodiversity of Xingu River – Brazilian Amazonic Region.
		12h10-12h30	- Trofimova E.: Natural park “Lena pillars” (Yakutia, Russia): between natural and cultural heritage.
